

Ezekiel

"Answer this, daily double: do you believe in magic?"

Harper

"I get right back up every time. When my lives reach zero, they integer overflow. Promise."

Astra

"I don't know what they told you, but it won't hurt you. Unless it can smell fear!"

Eva

"Bastard showed me at my worst... and... is it bad that the worst version of me wasn't this?"

William

"If my whole world is crashing down around me, then I am going to make the sound of the crashing."

Aiden

"Kinda scared to tie myself down, to be honest. Flirting's good for your mental health, anyway."

Becca

"The best people are usually crazy. At least that's what I kept telling myself when I was stuck. Because I was pretty sure I was going crazy, and I was all alone, and there was no one around to tell me I wasn't."

Player / Levi

"You love my hair. I have hair worthy of Jesus."
